

NEWS AND VIEWS . . .

And What Have You By BOB CRAIG

It is with regret that we find ourselves here at the Herald having to join most of the other weekly newspapers across the state in raising the price of our newspapers.

Beginning with this issue, the newsstand price of the Hamlin Herald will be 15 cents, tax included. The subscription rates will also be increased but these will not go into effect until Sept. 15 in order that those who desire to, may renew at the old rates until that time.

Like everyone else we find all of our costs continually going up and find that the only thing that we can do is pass some of these increases on in the form of higher newsstand prices and subscription rates.

It would be impossible to guess just how much the cost of publication and mailing have gone up since this newspaper started selling for 10 cents on the newsstand.

Because of the inconvenience to our customers I have never felt like it would be wise to increase our price a penny or two at a time and have just put off any increase, no matter how justified until this time. With the sales tax going up and our papers selling on the newsstands for 11 cents now, tax included, this seems like the time to round off the price at 15 cents, tax included.

While the recent postal increases are a factor in the increase in subscription prices, they are only a small factor. It is the cost of new equipment, labor, newsprint and other costs that are the major factors. In the future the postal increases may be a major factor but at the present time it is only those papers going out of the area and out of the state that the postage becomes a factor.

For the present it seems that it is only the weeklies and semi-weeklies that are going up to 15 cents but I suspect that within the year you will see all of the major dailies going up too. Years ago when papers started going up from 5 cents to 10 cents, nearly all of weeklies went to 10 cents before the dailies went up.

With the Cowboys playing their first game last Friday and two-a-day workouts starting here Monday for our high school boys it seems summer must just about be over and football season here again. As I have said before I always view this time of the year with mixed emotions because, while I am ready for football, I am not ready for summer to be over.

And speaking of the Cowboys I am still wondering how they are going to come out with Duane Thomas. I suspect that now that Boston doesn't want him they will have to try to trade him to someone else because I don't see how he could ever do any good with Dallas.

The one I feel sorry for is the exchange I Carl Garrett. He is the one Dallas traded for from Boston and the one that only got to workout with Dallas one day before being sent back to Boston when Thomas left the Patriot camp.

Garrett's problem is that after working out with Dallas he made the mistake of making a statement about how good the Dallas line was and how Thomas would find it not so easy to run behind the Patriot line. For his sake, I hope none of the Patriot line can read.

I was quite pleased to see the Austin Judge throw out the House Redistricting Bill last week. It will create some problems in getting the state redistricting job done now but if the Supreme Court backs up the Austin Judge maybe Hamlin will get to be in the same district as the rest of Jones County.

Since we will have to live with the

Mrs. Ned Moore Resigns As BCD Secretary-Treasurer

John Scarborough, president of the Hamlin Board of Community Development, announced this week the resignation of Mrs. Ned Moore as secretary-treasurer of the organization. Scarborough said that he has appointed a committee to seek applications to fill the vacancy.

Scarborough said that it was with regret that the BCD has accepted the resignation of Mrs. Moore but that she has taken a full time job as local manager for Cable Electronics. The office for Cable Electronics is now located in Marjo's Antiques.

Scarborough urges anyone interested in the position as secretary-treasurer of the BCD to contact him or any member

of the committee. Serving on the committee are Charles Reed, Arlie Cassle and Donald Young.

He said that while the office was presently closed he hoped that the board of directors would be able to find a replacement as soon as possible and reopen the office. Anyone needing to contact the BCD about any matter is urged to contact Scarborough, Jack Willingham, vice president; or any director.

Mrs. Moore, who had previously served as secretary-treasurer of the BCD, has served in her present capacity since the summer of 1961. She was hired to replace Orville Rowland, who served as manager for two years.

Craigs Attend Press Meeting

Mr. and Mrs. Bob Craig attended the 41st annual summer convention of West Texas Press Association held in Wichita Falls Friday and Saturday.

Craig, publisher of the Hamlin Herald, was re-elected secretary-treasurer of the association. Mrs. Craig handled registration duties for the convention.

Visiting last week in the home of Mr. and Mrs. Joe Norton were their son and family, Mr. and Mrs. Bob Norton and daughters, Heather Gaye and Whitney Raye of Austin.

TAX INCLUDED—

Herald Newsstand Price Now 15¢

Beginning this week the newsstand price of The Hamlin Herald has been increased to 15 cents, tax included, according to Bob Craig, publisher. The new price is 14 cents, plus one-cent tax.

In making the announcement, Craig said that increased production costs have made the increase necessary and that with the advent of the sales tax which had already made the tax included price 11 cents it was felt that this was the time to make the change.

Most weekly papers across the state are either already 15 cents or soon will be, he added.

Because of the increased production costs and mailing costs it is also necessary to increase the subscription rates for the Herald, the publisher said. "But in order to give our subscribers an opportunity to

renew at the old rates the new subscription rates will not go into effect until Sept. 15" Craig said.

Anyone who wants to renew now at the old rates will have their time extended from the date of their current expiration.

The new subscription rates will be \$5.00 a year in Jones and surrounding counties or \$9.50 for two years. Elsewhere in Texas the new rates will be \$6.00 for one year or \$11.00 for two years. Outside of Texas the rates will be \$8.00 for one year or \$15.00 for two years. All rates are tax included.

The current rates which will be in effect until Sept. 15 are \$4.00 for one year in Jones and surrounding counties or \$7.50 for two years. Elsewhere the rates now in effect are \$5.25 for one year or \$9.98 for two years, tax included where applicable.

Beginning Band To Organize Here Aug. 24

The sixth grade beginning band will be organized on the second day of school this year, according to Tim Jones, director.

Interested students and parents are urged to wait for instructions from the band director before deciding which instrument the student will play.

The proper selection of individual instruments and proper instrumentation for this year's beginners band will be decided after school starts. Any student who is interested in playing in the band should go ahead and sign up for it. Other students will be contacted after school begins.

Guy Wilemon of Roswell, N. Mex., is spending a week with his cousin, Mickey Don Williams, son of Mr. and Mrs. Jackie Williams.

School Announces Policy For Free Lunch Program

B. V. Newberry, authorized representative for the National School Lunch program, has announced a free and reduced price lunch policy for Hamlin Independent School children unable to pay the full price.

Local school officials have adopted a family size and income scale to assist them in determining eligibility. Those who qualify for a reduced price lunch will be charged 20 cents. The reduced and free lunches

are based on family size and income with the reduced price lunches starting with one in school with an income of less than \$2670 a year. The free lunches start with a family having an income of less than \$2040 with one child in school.

Families falling within the scales set up or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in the application forms sent home in a letter to parents or guardians.

Additional copies are available at the principal's office in each of the schools. Applications may be submitted any time during the school year. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the local principal of each school will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may request either orally or in writing for a hearing to appeal the decision. Supt. C. F. Cook has been designated as the hearing official.

The policy also provides that there will be no identification or discrimination.

A complete copy of the policy is on file in the office of the Superintendent where it may be reviewed by any interested person.

Application forms for the 1971-72 school year may be obtained by the students at the time of enrollment in school.

Trustees Adopt \$639,861 Budget

The Hamlin Independent School District Board of Trustees adopted a \$639,861 budget for the coming year and approved a tax rate of \$1.41 at their meeting here Monday evening.

Projected income for the coming year was \$637,705 with \$577,405 for local expenditures and \$60,300 for debt retirement. Of the \$1.41 tax rate, \$1.16 will be used for local expenditures and \$.25 for debt retirement.

A breakdown on the projected expenditures for the coming year show an estimated \$38,811 for administration; \$433,972 for

instruction; \$4,500 for health service; \$21,200 for transportation; \$48,920 for operation of plant; \$6,300 for maintenance of plant; \$13,000 for insurance; \$1,800 for student activities; \$7,845 for capital outlays and \$63,513 for debt service.

Total receipts for the coming year for local expenditures are estimated at \$577,405 with \$297,277 of this coming from state and county funds and \$279,792 coming from local taxes. Also coming from local

taxes is \$60,300 for debt service.

Supt. C. F. Cook told the board that the school gained an extra teacher for this past year and for the coming year. This is based on the average daily enrollment and means that the state will share in the cost of one more teacher.

He noted that because of this extra teacher for this past year the system would have a balance on hand at the end of the year for the first time in a number of years.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO (August 10, 1928)

In the fishing contest that Inzer Pharmacy conducted recently, Mr. G. J. Neal, captured the largest fish, a Black Bass, weighing 8 pounds and 4 ounces. Neal won the \$20 fly rod.

J. B. Adkins came out with a 6 pound and 8 ounce bass and won second prize, a \$12 fly rod. Joe Bowen, the man who grants permits, stood third with a 6 pound and 8 ounce bass, winning the \$8.50 casting rod.

Inzer will stage a contest next year. He is trying to tell them that Hamlin Lake is a fisherman's paradise. Keep an eye on the next contest. It's not a 'mere' fish story, but one where big game is hooked.

The Herald has been asked to convey to the people of Hamlin an invitation to attend a Pipe Organ Recital at the First Baptist Church in Stamford tonight (Friday, August 10 at 8:15 o'clock).

The Herald is requested to announce that a very important meeting of the Hamlin members of the Farm Bureau Cotton Association will be held in the Hamlin Tabernacle Tuesday, Aug. 4, 1:30 p.m. for the purpose of considering the amendments to the contract agreement. If you know of this meeting tell it and talk it to your fellow members.

Fry's Care, one of the oldest establishments in Hamlin was sold Monday by Loy Fry to Earl Edwards of Moran. Mr. Edwards took charge at once. He is an experienced cafe man and should keep the reputation of 'good eats' up to the highest standard at the Fry Cafe. Yes, he says the famous name will not be changed.

Mr. Edwards has a wife and two children. He is on the lookout for a house to rent.

TWENTY YEARS AGO (August 17, 1951)

Three people from the Hamlin Farmers & Merchants National Bank were among those attending the formal opening last Monday of the new Farmers & Merchants National Bank in Abilene when it occupied the new six-story building at Fourth and Cypress Streets.

The local visitors were Lennie Greenway, Earl E. Smith and Buna Rountree.

Hamlin is to again to have mobile x-ray examination in the campaign to control tuberculosis.

Belated information was received Wednesday by Stanley Carmichael that the unit would be in Hamlin August 30, 31 and September 1 for the free examination of all area residents.

Last year the campaign was the most successful that has been conducted with a record number of citizens examined and Carmichael was again chosen to head the drive because of this success.

The unit will be set up at the Hamlin Motor Company and will be operated on the three days between the hours of 9:00 a.m. and 5:00 p.m.

Carmichael again called attention

to the fact that no special preparation is necessary prior to being x-rayed and he urged that every citizen of the area take advantage of this free healthguard.

School officials and coaches of District 5AA met Thursday night at 7:00 p.m. in Rotan for the annual district meeting for that organization.

Purpose of the meeting is to discuss final preparations for the start of the football season and arrange schedules which will be satisfactory to the entire district.

Superintendent I. R. Huchingson and Coach Jesse Burditt of the Hamlin Schools attended.

Rains brought relief from the heat wave which has brought discomfort to the Hamlin area Saturday when varying amounts fell from 3½ inches at Sylvester to eight tenths in other sectors of the county.

TEN YEARS AGO (August 10, 1961)

In a meeting Monday night at the F & M Bank Building, B. O. Bell was elected president of the Hamlin Lakeview Golf Club for the coming year. At the meeting plans were discussed on the upcoming tournament which the club will host Sunday, August 13.

The tournament, a city affair, will be low-ball play. Two golfers will team up and use the low score of the two on each hole with the other score being dismissed. The duo with the lowest score will be declared the winner.

The Jones County Second Sunday Singing will meet in the Hanna Baptist Church Sunday at 2 p.m., according to Felix Thompson, president.

The Stamp books will be used and all singers and those who enjoy good gospel singing are urged to attend.

Season tickets for the four home games of the Hamlin Pied Pipers this year will go on sale Monday at the office of the high school principal.

The tickets are \$4.00 for adults and \$2.00 for students. According to B. V. Newberry, principal, there will be a saving of \$1.00 since you will get the reserved seat and the general admission by buying admission for the price of all four tickets at the same time.

chief financial officers can't come within 8 or 10 billion dollars of estimating how much the government will spend."

I don't know anything about such matters as the rate of inflation, the economic index or the cost-of-living index, all I've got out here is a thermometer that's two or three degrees off and a rain gauge with the markings too rusty to read, although I can tell you whether it's hot or cold outside and whether I need a rain or not.

But what interested me was that columnist's not being able to understand how the government can't come within 8 or 10 billion dollars of estimating how much it will spend in the next 12 months.

It's easy. For example, at the start of the year how was I to know my hot water heater was going out two months after the warranty ran out, and how

could Washington know it was going to have to pay for vaccinating 2 million horses against sleeping sickness at \$4 a shot?

I didn't know the transmission on my car was going to fall apart at a cost of \$139, anymore than Washington knew that Lockheed was going to tap it for 250 million dollars.

And so it goes. If it's not one thing it's another. Anybody with kids and appliances, like a government with 200 million citizens, is in for 12 months of unanticipatable expense.

Maybe that columnist can sit down at the start of the year and tell you what's going to happen to him in a financial sort of way, but me and Washington have never been able to figure it out. Which one of your presses is going to break down next?

Yours faithfully,
J. A.

Generations

Isn't it grand when the whole family reunites on holidays or on anniversaries! How good to see grandparents and great grandparents and the new crop of babies. Seeing them all together gives you a feeling of continuity, and a sense of oneness with all creation.

It gives you, also, a glimpse of God's plan in the life cycle. When you see the off-spring of the patriarch grandfather, you marvel at the great legacy he is bequeathing the world. All the children that have issued from him are in themselves a great contribution to the world of mankind.

There is marvelous potential in all these spirits. The great things they will do thrill your heart when you contemplate them.

This legacy of lives and spirit can be strengthened, sweetened and nourished by the church. We invite you to take your family to church this week.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Neinda Philosopher Says He Knows How Government Can Underestimate Budget

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One get off into economics this week, you might say.

Dear editor:

According to the syndicated columnists in all the newspapers I've gotten hold of lately, the big issue in the 1972 Presidential election will be economics, a fairly safe prediction in view of the fact economists has been the main issue in elections since elections were invented.

In commenting on the current economic situation, one columnist, after citing the alarming rate of inflation, unemployment, deficit-spending, etc., with the national budget over-shot by 25 billion dollars, said "something is wrong when the government's

NEWS FROM . . .

Old Glory

By Bernice D. White

The cool nights and mornings we have been having for several days gives one the feeling it will soon be time for school to start, and rightly so, for Old Glory teachers will be going back to work Monday, Aug. 16, then students will be going to classes beginning Monday, Aug. 23.

Rain has been spotted over this community again last week, but crops are looking good in the places that have been getting some of the rain. Sadness fell over our community last Wednesday when a man who had lived here for over 60 years passed away. Ben Klump came here with his parents, the late Mr. and Mrs. William Klump, in 1910. They settled on a place about two and one-half miles south-east of town, and when he married Emma Dippel in 1913, his parents moved to town, and they continued to live there until his death. Their son, Cecil, took over the farming some years ago. Uncle Ben didn't do a lot of going in his latter years, but he was always happy to see company coming. Those of us who visited him quite frequently will miss him very much.

Among those from out of this area who came to attend the funeral were Mr. and Mrs. Jack Doty of Garden City, Kan; Mrs. James Wheeler of Bartlett, Virgle Klump, Waco; Mr. and Mrs. Roy Wienke, Raymond Dippel, Weldon Spitzer and Judy White, all of Lubbock; Mr. and Mrs. Jerry Callicote, Guy and Jill, of Midland; Mrs. John Gordon, Mrs. Jack Powers, Victor and Julie, all of Clyde; Mrs. Leeman Hayhurst of Abilene; Mr. and Mrs. Herbert Baitz of Roscoe; Mr. and Mrs. Weldon Young and children of Colorado City; and Mr. and Mrs. Ed Elms of Gustine.

Out of town guests in the home of Mr. and Mrs. Beno Herttenberger this weekend included Mr. and Mrs. Roy Wienke of Lubbock, Mrs. Louise Spradley of Waco, Mr. and Mrs. Byron Swank of Albany, and Pauline Fuqua of Stamford. They also visited with Mrs. Katie Gerloff while here, and Mrs. Fuqua attended church here Sunday morning.

Visitors in the home of Mr. and Mrs. Oren (Sprout) Baldree over the weekend included Mrs. Leon Lowack and Venita, Mr. and Mrs. Eddie Lowack and Lissie of Fort Worth, Mr. and Mrs. Ferman Metcal of Peacock, Mrs. Ed Wilfong, Glen Dale and Clay of Rotan, and Karen Crouch, Mike and Rita Baldree all of Abilene. Friday, Laura Baldree and Kim of Aspermont visited with them.

Descendents of William and Henrietta Thane met at the American Legion Hall in Haskell last Sunday for their annual family gathering. Those who attended were Mr. and Mrs. E. A. Schaaake, Mr. and Mrs. Lee Roy Schaaake and family, Mr. and Mrs. Eric Bergstrom, Mr. and Mrs. Willie Buerger, Mr. and Mrs. Henry Thane, Mr. and Mrs. Burl Meford and family, Mr. and Mrs. Wayne Wells and family and Albert Thane all from Haskell.

Also Miss Glenna Schaaake, Mr. and Mrs. Fred Buerger, Mr. and Mrs. Oan Levere and family, Mr. and Mrs. Leland Thane and family, Mr. and Mrs. Robert Thane, Mr. and Mrs. W. L. Medford and family, Mr. and Mrs. E. A. Thane, all from Texas.

The Hawley Independent School District reserves the right to reject any or all bids, and to award the bid considered most advantageous to the school district.

VISITORS SEE FORMER METHOD — During a tour of the Hamlin Herald Plant, from left, Xaver Kaestle, Byruta Langer and Willi Koeber, all of Germany, were shown how type was set on the Linotype machine for publication of the newspaper before the change to a newer photo typesetting process.

German Youth Visit Here On Tour of Parts of Texas

Three young people from Germany who are house guests of Mr. and Mrs. William Bristow and family of Arlington, were in Hamlin this week visiting with the Bristows' relatives and seeing this area of West Texas.

The German visitors are Byruta Langer, 26, of Haunstetten; Xaver Kaestle, 18, of Bobingen; and his cousin, Willi Koeber, 26, of Augsburg.

The Bristows family met the Kaestle family in 1952 while Mr. Bristow was stationed there with the U. S. Air Force during the Korean conflict.

The Bristows' children went to Germany last summer to visit Mr. and Mrs. Xaver Kaestle Sr. and family and while there met his cousin, Willi, and Byruta.

The trip to the United States this summer is a return visit. While in Texas the hosts have taken the three to points of interest in the Dallas-Fort Worth area, including Six Flags over Texas, and have toured in rural areas. They will go to Galveston today (Thursday).

The group visited The Hamlin Herald office Monday morning, were interviewed by Mrs. Bob Craig, then shown through the plant by Publisher Bob Craig. The contrast of the former letterpress method of printing using the Linotype and the newer photographic process of offset publication was explained.

Byruta is employed by Firma Heinrich, a jewelry company in Haunstetten. She translates for American tourists. She lives with her mother and her

School Supply Lists for Lower Grades Told

A list of school supplies that will be needed for the pupils in the first and second grades and kindergarten have been released by the principal, Mrs. Fred Smith.

Pupils will report for their first day of classes Monday, Aug. 23 at 8:30 a.m. All those in the primary building will be dismissed at 2:30 p.m.

Supplies needed for kindergarten are:

- 1 cigar box
- Crayolas, no. 8 size
- 1 large pencil
- 50 cents for parties
- 1 towel or pillow

First Grade supplies are:

- 1 cigar box
- Crayolas, no. 8 size
- wide tablet, but not wide lines

1 large primary pencil scissors

\$2.00 for other supplies and 50 cents for parties

A book satchel is not necessary unless it will fold and fit into desk.

Second Grade supplies are:

- Elmer's Glue
- No. 16 Crayolas
- No. 2 pencil
- scissors
- manuscript imaginary line tablet
- construction paper
- \$2 for other supplies

grandfather, who is retired after 50 years in a textile mill. Xaver is in apprenticeship in a textile factory in Bobingen. He plans to become a chemical engineer. His father is a building contractor.

Willi is a mechanical engineer for Bohler and Weber (Bowe). He graduated in 1967 from Rudolf Diesel Polytechnicum in Augsburg. His father makes cash registers.

While visiting here with Mr. Bristow's parents, Mr. and Mrs. William D. Bristow Sr., and Mrs. Bristow's parents, Mr. and Mrs. Travis Hubbard, they toured the cotton gin at Radium and were told of the complete ginning process. On the Hubbard farm Byruta enjoyed her experience of driving a tractor.

During their stay in Texas they have been impressed by the friendliness of the people in the small towns. They especially enjoy the freedom of the large public parks. In the parks in Germany fires cannot be built and games cannot be played. People are required to stay only on the roadways in the parks. They also enjoyed playing tennis here, because in their homeland only the very rich have tennis courts and there are no public facilities, therefore the average citizen does not get to participate in the game.

Cattlemen's Round-Up for Crippled Children to Kick Off This Month

ABILENE — The original Cattlemen's Round-Up for Crippled Children, which benefits the West Texas Rehabilitation Center, will kick off its twelfth annual Round-Up this month. Founded by the late Conda Wiley, the Round-Up has raised well over three quarters of a million dollars to the handicapped of the West Texas Rehabilitation Center since its inception.

The Round-Up operates in many different phases. The next three phases will be the

Cattle Sale on September 27 at the Ranchers and Farmers Livestock Auction in Abilene; the Horse Sale on October 2 at Abilene Livestock Auction; and the Sheep and Goat Sale on October 21 at the Coleman Livestock Auction.

Officials of the Center announce the re-appointment of Charlie Morris as Chairman of the Round-Up. Morris, who resides in Abilene, has diversified interests in ranching, feed lots and livestock. In response to his re-appointment

Morris said, "I am more than happy to be able to head the Round-Up again this year. When I first accepted the chairmanship ten years ago, had no idea that our six year old cerebral palsied grandson would be benefiting from help at the Center today."

Many people of the Southwest have helped the center never realizing that the Center would be able to help them someday. The Center's 1971 operating budget is \$426,000. The Center has consistently overcome

setbacks financially to continue to serve the handicapped of the Southwest.

Thw operation of the Round-Up is the result of ranchers and stockmen picking out a calf or a pen of calves or some other livestock and pledging them to the Round-Up. The area chairmen will contact the ranchers and farmers and make arrangements for

transportation to the sale. Each animal is sold under the donor's name. The results not only help many handicapped people, but it is also good public relations for the donor. Animals expected will be from top bulls from the Southwest's leading ranches to baby calves and lambs.

Area chairmen named for Hamlin are Bill Feagan and Cecil Sellers.

Ruling Voids Those Under 21 For Jury Service

In an opinion dated July 20, Atty. Gen. Crawford Martin has ruled that persons under 21 years of age may not serve on juries and their names need not be placed in the jury wheel. All other names on the current voter registration list as of Aug. 1 each year must be placed in the jury wheel and no other names.

He also ruled that neither the district or county judge can excuse a juror before the trial unless the juror requests same in writing, giving the reason and making an affidavit and then neither judge can excuse for economic reasons until the day of trial and all attorneys must agree at that time on excuse for economic reasons before either judge can excuse a juror.

Barry Cheshier On Honor Roll

DENTON — Barry Cheshier of Hamlin was among 965 named to the honor roll at North Texas State University last spring by Dr. J. J. Spurlock, vice president of Academic Affairs.

Some 194 students earned all "A's" to make the 4.0 honor list during the fall semester, and 771 achieved the 3.5 listing, which includes those students whose grade average in mid-way between an "A" and a "B."

Cheshier, son of Mrs. Lone Cheshier, 1015 NW 2nd, made the 3.5 honor roll.

NEWS FROM . . .

Sylvester

By MRS R M BARB

We have had another .90 in. of rain this past week and promise of more, however it is a beautiful Monday morning as this is being written.

Mr. and Mrs. Med Herron had word from their daughter's family in Dublin that some of the family were sick so they spent most of last week helping out there.

Mrs. Woodrow Lawlis spent a couple of days in Hamlin Hospital for tests and x-rays.

Alton Mauldin called his parents, the Guy Mauldins' one day last week and reported that they had had a car wreck but thank goodness no one was hurt badly, however, I am sure they will be sore and badly shaken for some time to come.

Did you attend the R.E.A. barbeque last week in Roby? If you didn't you were the only one I have never seen so many people around Roby before. Raymond Griffin and Mrs. A. C. Smith from here were lucky enough to win prizes.

The Lea Dickerson and Lavoie Dickerson families along with Omar Reeves attended the Reeves Reunion at Cisco over the weekend. Omar Reeves fell while there and broke his leg. He will have surgery this morning in Hendrick Memorial Hospital in

Abilene. The best of luck, Mr. Reeves.

Last Friday morning, two representatives from the Regional Post Office in Abilene came out and presented our postmaster, Ruth Brown, with the "Good Housekeeping Award" given for one of the three "Outstanding" post offices in this area during the past clean up campaign. Colorado City and Merkel were the other two offices that got the same award. Ruth invites everyone to come by and see what she has done and be sure to ask to see the Award.

Mr. and Mrs. Woodrow Lawlis received a telephone call from their daughter, Mrs. Mike Dobs that they were in Loraine at his parents attending the Loraine City wide Crusade and asked them to drive over. They went and really enjoyed the meeting and being with the Dobs family after church.

We visited with Aunt Mary Jones one day last week in Merkel and she is doing pretty good and sends her love to all.

Allen Stephenson has received his Naval discharge and is spending some time in Roby as well as here with his parents, Mr. and Mrs. Raymond Griffin.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

It is with regret that we find ourselves here at the Herald having to join most of the other weekly newspapers across the state in raising the price of our newspapers.

Beginning with this issue, the newsstand price of the Hamlin Herald will be 15 cents, tax included. The subscription rates will also be increased but these will not go into effect until Sept. 15 in order that those who desire to, may renew at the old rates until that time.

Like everyone else we find all of our costs continually going up and find that the only thing that we can do is pass some of these increases on in the form of higher newsstand prices and subscription rates.

It would be impossible to guess just how much the cost of publication and mailing have gone up since this newspaper started selling for 10 cents on the newsstand.

Because of the inconvenience to our customers I have never felt like it would be wise to increase our price a penny or two at a time and have just put off any increase, no matter how justified until this time. With the sales tax going up and our papers selling on the newsstands for 11 cents now, tax included, this seems like the time to round off the price at 15 cents, tax included.

While the recent postal increases are a factor in the increase in subscription prices, they are only a small factor. It is the cost of new equipment, labor, newsprint and other costs that are the major factors. In the future the postal increases may be a major factor but at the present time it is only those papers going out of the area and out of the state that the postage becomes a factor.

For the present it seems that it is only the weeklies and semi-weeklies that are going up to 15 cents but I suspect that within the year you will see all of the major dailies going up too. Years ago when papers started going up from 5 cents to 10 cents, nearly all of weeklies went to 10 cents before the dailies went up.

With the Cowboys playing their first game last Friday and two-a-day workouts starting here Monday for our high school boys it seems summer must just about be over and football season here again. As I have said before I always view this time of the year with mixed emotions because, while I am ready for football, I am not ready for summer to be over.

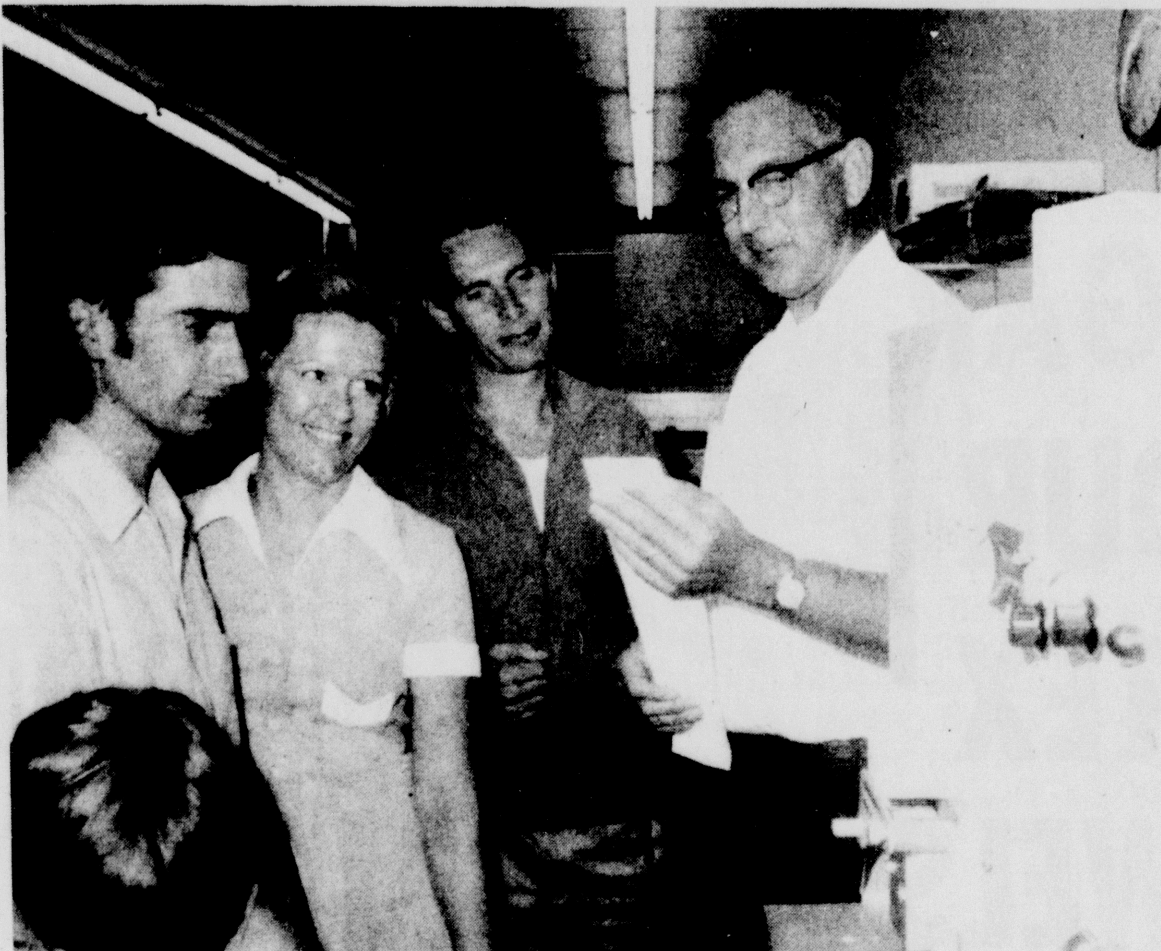

And speaking of the Cowboys I am still wondering how they are going to come out with Duane Thomas. I suspect that now that Boston doesn't want him they will have to try to trade him to someone else because I don't see how he could ever do any good with Dallas.

The one I feel sorry for in the exchange is Carl Garrett. He is the one Dallas traded for from Boston and the one that only got to workout with Dallas one day before being sent back to Boston when Thomas left the Patriot camp.

Garrett's problem is that after working out with Dallas he made the mistake of making a statement about how good the Dallas line was and how Thomas would find it not so easy to run behind the Patriot line. For his sake, I hope none of the Patriot line can read.

I was quite pleased to see the Austin Judge throw out the House Redistricting Bill last week. It will create some problems in getting the state redistricting job done now but if the Supreme Court backs up the Austin Judge maybe Hamlin will get to be in the same district as the rest of Jones County.

Since we will have to live with the

Mrs. Ned Moore Resigns As BCD Secretary-Treasurer

John Scarborough, president of the Hamlin Board of Community Development, announced this week the resignation of Mrs. Ned Moore as secretary-treasurer of the organization. Scarborough said that he has appointed a committee to seek applications to fill the vacancy.

Scarborough said that it was with regret that the BCD has accepted the resignation of Mrs. Moore but that she has taken a full time job as local manager for Cable Electronics. The office for Cable Electronics is now located in Mar-Jo's Antiques.

Scarborough urges anyone interested in the position as secretary-treasurer of the BCD to contact him or any member

of the committee. Serving on the committee are Charles Reed, Arlie Cassle and Donald Young.

He said that while the office was presently closed he hoped that the board of directors would be able to find a replacement as soon as possible and reopen the office. Anyone needing to contact the BCD about any matter is urged to contact Scarborough, Jack Willingham, vice president; or any director.

Mrs. Moore, who had previously served as secretary-treasurer of the BCD, has served in her present capacity since the summer of 1961. She was hired to replace Orville Rowland, who served as manager for two years.

TAX INCLUDED—

Herald Newsstand Price Now 15¢

Beginning this week the newsstand price of The Hamlin Herald has been increased to 15 cents, tax included, according to Bob Craig, publisher. The new price is 14 cents, plus one-cent tax.

In making the announcement, Craig said that increased production costs have made the increase necessary and that with the advent of the sales tax which had already made the tax included price 11 cents it was felt that this was the time to make the change.

Most weekly papers across the state are either already 15 cents or soon will be, he added.

Because of the increased production costs and mailing costs it is also necessary to increase the subscription rates for the Herald, the publisher said. "But in order to give our subscribers an opportunity to

renew at the old rates the new subscription rates will not go into effect until Sept. 15" Craig said.

Anyone who wants to renew now at the old rates will have their time extended from the date of their current expiration.

The new subscription rates will be \$5.00 a year in Jones and surrounding counties or \$9.50 for two years. Elsewhere in Texas the new rates will be \$6.00 for one year or \$11.00 for two years. Outside of Texas the rates will be \$8.00 for one year or \$15.00 for two years. All rates are tax included.

The current rates which will be in effect until Sept. 15 are \$4.00 for one year in Jones and surrounding counties or \$7.50 for two years. Elsewhere the rates now in effect are \$5.25 for one year or \$9.98 for two years, tax included where applicable.

Beginning Band To Organize Here Aug. 24

The sixth grade beginning band will be organized on the second day of school this year, according to Tim Jones, director.

Interested students and parents are urged to wait for instructions from the band director before deciding which instrument the student will play.

The proper selection of individual instruments and proper instrumentation for this year's beginners band will be decided after school starts. Any student who is interested in playing in the band should go ahead and sign up for it. Other students will be contacted after school begins.

Guy Wilemon of Roswell, N. Mex., is spending a week with his cousin, Mickey Don Williams, son of Mr. and Mrs. Jackie Williams.

School Announces Policy For Free Lunch Program

B. V. Newberry, authorized representative for the National School Lunch program, has announced a free and reduced price lunch policy for Hamlin Independent School children unable to pay the full price.

Local school officials have adopted a family size and income scale to assist them in determining eligibility. Those who qualify for a reduced price lunch will be charged 20 cents. The reduced and free lunches

are based on family size and income with the reduced price lunches starting with one in school with an income of less than \$2670 a year. The free lunches start with a family having an income of less than \$2040 with one child in school.

Families falling within the scales set up or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in the application forms sent home in a letter to parents or guardians.

Additional copies are available at the principal's office in each of the schools. Applications may be submitted any time during the school year. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the local principal of each school will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may request either orally or in writing for a hearing to appeal the decision. Supt. C. F. Cook has been designated as the hearing official.

The policy also provides that there will be no identification or discrimination.

A complete copy of the policy is on file in the office of the Superintendent where it may be reviewed by any interested person. Application forms for the 1971-72 school year may be obtained by the students at the time of enrollment in school.

Trustees Adopt \$639,861 Budget

The Hamlin Independent School District Board of Trustees adopted a \$639,861 budget for the coming year and approved a tax rate of \$1.41 at their meeting here Monday evening.

Projected income for the coming year was \$637,705 with \$577,405 for local expenditures and \$60,300 for debt retirement. Of the \$1.41 tax rate, \$1.16 will be used for local expenditures and \$.25 for debt retirement.

A breakdown of the projected expenditures for the coming year show an estimated \$38,811 for administration; \$433,972 for

instruction; \$4,500 for health service; \$21,200 for transportation; \$48,920 for operation of plant; \$6,300 for maintenance of plant; \$13,000 for insurance; \$1,800 for student activities; \$7,845 for capital outlays and \$63,513 for debt service.

Total receipts for the coming year for local expenditures are estimated at \$577,405 with \$297,277 of this coming from state and county funds and \$279,792 coming from local taxes. Also coming from local

taxes is \$60,300 for debt service.

Supt. C. F. Cook told the board that the school gained an extra teacher for this past year and for the coming year. This is based on the average daily enrollment and means that the state will share in the cost of one more teacher.

He noted that because of this extra teacher for this past year the system would have a balance on hand at the end of the year for the first time in a number of years.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(August 10, 1928)

In the fishing contest that Inzer Pharmacy conducted recently, Mr. G. J. Neal, captured the largest fish, a Black Bass, weighing 8 pounds and 4 ounces. Neal won the \$20 fly rod.

J. B. Adkins came out with a 6 pound and 8 ounce bass and won second prize, a \$12 fly rod. Joe Bowen, the man who grants permits, stood third with a 6 pound and 8 ounce bass, winning the \$8.50 casting rod.

Inzer will stage a contest next year. He is trying to tell them that Hamlin Lake is a fisherman's paradise. Keep an eye on the next contest. It's not a 'mere' fish story, but one where big game is hooked.

The Herald has been asked to convey to the people of Hamlin an invitation to attend a Pipe Organ Recital at the First Baptist Church in Stamford tonight (Friday, August 10 at 8:15 o'clock).

The Herald is requested to announce that a very important meeting of the Hamlin members of the Farm Bureau Cotton Association will be held in the Hamlin Tabernacle Tuesday, Aug. 4, 1:30 p.m. for the purpose of considering the amendments to the contract agreement. If you know of this meeting tell it and talk it to your fellow members.

Fry's Care, one of the oldest establishments in Hamlin was sold Monday by Loy Fry to Earl Edwards of Moran. Mr. Edwards took charge at once. He is an experienced cafe man and should keep the reputation of 'good eats' up to the highest standard at the Fry Cafe. Yes, he says the famous name will not be changed.

Mr. Edwards has a wife and two children. He is on the lookout for a house to rent.

TWENTY YEARS AGO
(August 17, 1951)

Three people from the Hamlin Farmers & Merchants National Bank were among those attending the formal opening last Monday of the new Farmers & Merchants National Bank in Abilene when it occupied the new six-story building at Fourth and Cypress Streets.

The local visitors were Lennie Greenway, Earl E. Smith and Buna Rountree.

Hamlin is to again to have mobile x-ray examination in the campaign to control tuberculosis.

Belated information was received Wednesday by Stanley Carmichael that the unit would be in Hamlin August 30, 31 and September 1 for the free examination of all area residents.

Last year the campaign was the most successful that has been conducted with a record number of citizens examined and Carmichael was again chosen to head the drive because of this success.

The unit will be set up at the Hamlin Motor Company and will be operated on the three days between the hours of 9:00 a.m. and 5:00 p.m.

Carmichael again called attention

to the fact that no special preparation is necessary prior to being x-rayed and he urged that every citizen of the area take advantage of this free healthguard.

School officials and coaches of District 5AA met Thursday night at 7:00 p.m. in Rotan for the annual district meeting for that organization.

Purpose of the meeting is to discuss final preparations for the start of the football season and arrange schedules which will be satisfactory to the entire district.

Superintendent I. R. Huchingson and Coach Jesse Burditt of the Hamlin Schools attended.

Rains brought relief from the heat wave which has brought discomfort to the Hamlin area Saturday when varying amounts fell from 3½ inches at Sylvester to eight tenths in other sectors of the county.

TEN YEARS AGO
(August 10, 1961)

In a meeting Monday night at the F & M Bank Building, B. O. Bell was elected president of the Hamlin Lakeview Golf Club for the coming year. At the meeting plans were discussed on the upcoming tournament which the club will host Sunday, August 13.

The tournament, a city affair, will be low-ball play. Two golfers will team up and use the low score of the two on each hole with the other score being dismissed. The duo with the lowest score will be declared the winner.

The Jones County Second Sunday Singing will meet in the Hanna Baptist Church Sunday at 2 p.m., according to Felix Thompson, president.

The Stamp books will be used and all singers and those who enjoy good gospel singing are urged to attend.

Season tickets for the four home games of the Hamlin Pied Pipers this year will go on sale Monday at the office of the high school principal.

The tickets are \$4.00 for adults and \$2.00 for students. According to B. V. Newberry, principal, there will be a saving of \$1.00 since you will get the reserved seat and the general admission by buying admission for the price of all four tickets at the same time.

And What Have You

new districts for 10 years I would like to see them serve our needs a little better than the House Bill would have.

The rural areas are having enough trouble with representative government now with the one-man, one-vote rulings without getting us split up where our voice means even less.

Hamlin's needs can best be served by a representative that serves all of Jones County rather than just a small part of it.

Neinda Philosopher Says He Knows How Government Can Underestimate Budget

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One get off into economics this week, you might say.

Dear editor:

According to the syndicated columnists in all the newspapers I've gotten hold of lately, the big issue in the 1972 Presidential election will be economics, a fairly safe prediction in view of the fact economic's has been the main issue in elections since elections were invented.

In commenting on the current economic situation, one columnist, after citing the alarming rate of inflation, unemployment, deficit-spending, etc., with the national budget over-shot by 25 billion dollars, said "something is wrong when the government's

chief financial officers can't come within 8 or 10 billion dollars of estimating how much the government will spend."

I don't know anything about such matters as the rate of inflation, the economic index or the cost-of-living index, all I've got out here is a thermometer that's two or three degrees off and a rain gauge with the markings too rusty to read, although I can tell you whether it's hot or cold outside and whether I need a rain or not.

But what interested me was that columnist's not being able to understand how the government can't come within 8 or 10 billion dollars of estimating how much it will spend in the next 12 months.

It's easy. For example, at the start of the year how was I to know my hot water heater was going out two months after the warranty ran out, and how

could Washington know it was going to have to pay for vaccinating 2 million horses against sleeping sickness at \$4 a shot?

I didn't know the transmission on my car was going to fall apart at a cost of \$139, anymore than Washington knew that Lockheed was going to tap it for 250 million dollars.

And so it goes. If it's not one thing it's another. Anybody with kids and appliances, like a government with 200 million citizens, is in for 12 months of unanticipatable expense.

Maybe that columnist can sit down at the start of the year and tell you what's going to happen to him in a financial sort of way, but me and Washington have never been able to figure it out. Which one of your presses is going to break down next?

Yours faithfully,
J. A.

Generations

Isn't it grand when the whole family reunites on holidays or on anniversaries! How good to see grandparents and great grandparents and the new crop of babies. Seeing them all together gives you a feeling of continuity, and a sense of oneness with all creation.

It gives you, also, a glimpse of God's plan in the life cycle. When you see the off-spring of the patriarch grandfather, you marvel at the great legacy he is bequeathing the world. All the children that have issued from him are in themselves a great contribution to the world of mankind.

There is marvelous potential in all these spirits. The great things they will do thrill your heart when you contemplate them.

This legacy of lives and spirit can be strengthened, sweetened and nourished by the church. We invite you to take your family to church this week.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

NEWS FROM . . .

Old Glory

By Bernice D. White

The cool nights and mornings we have been having for several days gives one the feeling it will soon be time for school to start, and rightly so, for Old Glory teachers will be going back to work Monday, Aug. 16, then students will be going to classes beginning Monday, Aug. 23.

Rain has been spotted over this community again last week, but crops are looking good in the places that have been getting some of the rain.

Sadness fell over our community last Wednesday when a man who had lived here for over 60 years passed away. Ben Klump came here with his parents, the late Mr. and Mrs. William Klump, in 1910. They settled on a place about two and one-half miles south-east of town, and when he married Emma Dippel in 1913, his parents moved to town, and they continued to live there until his death. Their son, Cecil, took over the farming some years ago. Uncle Ben didn't do a lot of going in his latter years, but he was always happy to see company coming. Those of us who visited him quite frequently will miss him very much.

Among those from out of this area who came to attend the funeral were Mr. and Mrs. Jack Doty of Garden City, Kan.; Mrs. James Wheeler of Bartlett, Virgle Klump, Waco; Mr. and Mrs. Roy Wienke, Raymond Dippel, Weldon Spitzer and Judy White, all of Lubbock, Mr. and Mrs. Jerry Callicote, Guy and Jill, of Midland; Mrs. John Gordon, Mrs. Jack Powers, Victor and Julie, all of Clyde; Mrs. Leeman Hayhurst of Abilene; Mr. and Mrs. Herbert Baitz of Roscoe; Mr. and Mrs. Weldon Young and children of Colorado City; and Mr. and Mrs. Ed Elms of Gustine.

Out of town guests in the home of Mr. and Mrs. Beno Hertenberger this weekend included Mr. and Mrs. Roy Wienke of Lubbock, Mrs. Louise Spradley of Waco, Mr. and Mrs. Byron Swank of Albany, and Pauline Fuqua of Stamford. They also visited with Mrs. Katie Gerloff while here, and Mrs. Fuqua attended church here Sunday morning.

Visitors in the home of Mr. and Mrs. Oren (Sprout) Baldree over the weekend included Mrs. Leon Lowack and Venita, Mr. and Mrs. Eddie Lowack and Lissie of Fort Worth, Mr. and Mrs. Ferman Metcal of Peacock, Mrs. Ed Wilfong, Glen Dale and Clay of Rotan, and Karen Crouch, Mike and Rita Baldree all of Abilene. Friday, Laura Baldree and Kim of Aspermont visited with them.

Descendents of William and Henrietta Thane met at the American Legion Hall in Haskell last Sunday for their annual family gathering. Those who attended were Mr. and Mrs. E. A. Schaaqe, Mr. and Mrs. Lee Roy Schaaqe and family, Mr. and Mrs. Eric Bergstrom, Mr. and Mrs. Willie Buerger, Mr. and Mrs. Henry Thane, Mr. and Mrs. Burl Meford and family, Mr. and Mrs. Wayne Wells and family and Albert Thane all from Haskell.

Also Miss Glenna Schaaqe, Mr. and Mrs. Fred Buerger, Mr. and Mrs. Oan Levere and family, Mr. and Mrs. Leland Thane and family, Mr. and Mrs. Robert Thane, Mr. and Mrs. W. L. Medford and family, Mr. and Mrs. E. A. Thane, all from Texas.

The Hawley Independent School District reserves the right to reject any or all bids, and to award the bid considered most advantageous to the school district.

VISITORS SEE FORMER METHOD — During a tour of the Hamlin Herald Plant, from left, Xaver Kaestle, Byruta Langer and Willi Koeber, all of Germany, were shown how type was set on the Linotype machine for publication of the newspaper before the change to a newer photo typesetting process.

German Youth Visit Here On Tour of Parts of Texas

Three young people from Germany who are house guests of Mr. and Mrs. William Bristow and family of Arlington, were in Hamlin this week visiting with the Bristows' relatives and seeing this area of West Texas.

The German visitors are Byruta Langer, 26, of Haunstetten; Xaver Kaestle, 18, of Bobingen; and his cousin, Willi Koeber, 26, of Augsburg.

The Bristow family met the Kaestle family in 1962 while Mr. Bristow was stationed there with the U. S. Air Force during the Korean conflict.

The Bristows' children went to Germany last summer to visit Mr. and Mrs. Xaver Kaestle Sr. and family and while there met his cousin, Willi, and Byruta.

The trip to the United States this summer is a return visit.

While in Texas the hosts have taken the three to points of interest in the Dallas-Fort Worth area, including Six Flags over Texas, and have toured in rural areas. They will go to Galveston today (Thursday).

The group visited The Hamlin Herald office Monday morning, were interviewed by Mrs. Bob Craig, then shown through the plant by Publisher Bob Craig. The contrast of the former letterpress method of printing using the Linotype and the newer photographic process of offset publication was explained.

Byruta is employed by Firma Heinrich, a jewelry company in Haunstetten. She translates for American tourists. She lives with her mother and her

Xaver is in apprenticeship in a textile factory in Bobingen. He plans to become a chemical engineer. His father is a building contractor.

Willi is a mechanical engineer for Bohler and Weber (Bowe). He graduated in 1967 from Rudolf Diesel Polytechnicum in Augsburg. His father makes cash registers.

While visiting here with Mr. Bristow's parents, Mr. and Mrs. William D. Bristow Sr., and Mrs. Bristow's parents, Mr. and Mrs. Travis Hubbard, they toured the cotton gin at Radium and were told of the complete ginning process. On the Hubbard farm Byruta enjoyed her experience of driving a tractor.

During their stay in Texas they have been impressed by the friendliness of the people in the small towns. They especially enjoy the freedom of the large public parks. In the parks in Germany fires cannot be built and games cannot be played. People are required to stay only on the roadways in the parks. They also enjoyed playing tennis here, because in their homeland only the very rich have tennis courts and there are no public facilities, therefore the average citizen does not get to participate in the game.

Funeral Services Held Monday for Miss Temple, 89

Miss Eleanor Gay Temple, 89, died at 9:30 a.m. Saturday at Hamlin Memorial Hospital after a short illness. A resident of Hamlin for the last 50 years, she was a former seamstress and a dedicated member of First United Methodist Church.

Services were held at 10 a.m. Monday at Foster Funeral Home.

Rev. Johnnie Williams, pastor of First United Methodist Church, and Rev. Marshall Stewart, pastor of the Church of the Nazarene, officiated.

Burial was in Hamlin East Cemetery.

Miss Temple was born Nov. 18, 1881, in Tennessee, and was the daughter of the late W. N. Temple.

Survivors include one sister, Mrs. A. H. Milsap of Hamlin, four nieces and four nephews.

Pallbearers were A. B. Carlton, V. V. Anderson, Henry Jackson, Fred Smith, Bill Rountree and Joe Simpson.

RAINFALL .23 IN.

Rainfall recorded this week by Bill Rountree, official gauger here, totalled .23 through Tuesday at 5 p.m.

Readings taken at 5 p.m. each evening were .01, Aug. 7; .10, Aug. 8; and .12 Aug. 10.

Cattlemen's Round-Up for Crippled Children to Kick Off This Month

ABILENE — The original Cattlemen's Round-Up for Crippled Children, which benefits the West Texas Rehabilitation Center, will kick off its twelfth annual Round-Up this month. Founded by the late Conda Wiley, the Round-Up has raised well over three quarters of a million dollars to the handicapped of the West Texas Rehabilitation Center since its inception.

The Round-Up operates in many different phases. The next three phases will be the

Cattle Sale on September 27 at the Ranchers and Farmers Livestock Auction in Abilene; the Horse Sale on October 2 at Abilene Livestock Auction; and the Sheep and Goat Sale on October 21 at the Coleman Livestock Auction.

Officials of the Center announce the re-appointment of Charlie Morris as Chairman of the Round-Up. Morris, who resides in Abilene, has diversified interests in ranching, feed lots and livestock. In response to his re-appointment

Morris said, "I am more than happy to be able to head the Round-Up again this year. When I first accepted the chairmanship ten years ago, had no idea that our six year old cerebral palsied grandson would be benefiting from help at the Center today."

Many people of the Southwest have helped the center never realizing that the Center would be able to help them someday. The Center's 1971 operating budget is \$426,000. The Center has consistently overcome

setbacks financially to continue to serve the handicapped of the Southwest.

Thw operation of the Round-Up is the result of ranchers and stockmen picking out a calf or a pen of calves or some other livestock and pledging them to the Round-Up. The area chairmen will contact the ranchers and farmers and make arrangements for

transportation to the sale. Each animal is sold under the donor's name. The results not only help many handicapped people, but it is also good public relations for the donor. Animals expected will be from top bulls from the Southwest's leading ranches to baby calves and lambs.

Area chairmen named for Hamlin are Bill Feagan and Cecil Sellers.

Ruling Voids Those Under 21 For Jury Service

In an opinion dated July 20, Atty. Gen. Crawford Martin has ruled that persons under 21 years of age may not serve on juries and their names need not be placed in the jury wheel. All other names on the current voter registration list as of Aug. 1 each year must be placed in the jury wheel and no other names.

He also ruled that neither the district or county judge can excuse a juror before the trial unless the juror requests same in writing, giving the reason and making an affidavit and then neither judge can excuse for economic reasons until the day of trial and all attorneys must agree at that time on excuse for economic reasons before either judge can excuse a juror.

Barry Cheshier On Honor Roll

DENTON — Barry Cheshier of Hamlin was among 965 named to the honor roll at North Texas State University last spring by Dr. J. J. Spurlock, vice president of Academic Affairs.

Some 194 students earned all "A's" to make the 4.0 honor list during the fall semester, and 771 achieved the 3.5 listing, which includes those students whose grade average in mid-way between an "A" and a "B." Cheshier, son of Mrs. Ione Cheshier, 1015 NW 2nd, made the 3.5 honor roll.

NEWS FROM . . .

Sylvester

By MRS R M BARB

We have had another .90 in. of rain this past week and promise of more, however it is a beautiful Monday morning as this is being written.

Mr. and Mrs. Med Herron had word from their daughter's family in Dublin that some of the family were sick so they spent most of last week helping out there.

Mrs. Woodrow Lawlis spent a couple of days in Hamlin Hospital for tests and x-rays.

Alton Mauldin called his parents, the Guy Mauldins' one day last week and reported that they had had a car wreck but thank goodness no one was hurt badly, however, I am sure they will be sore and badly shaken for some time to come.

Did you attend the R.E.A. barbeque last week in Roby? If you didn't you were the only one I have never seen so many people around Roby before. Raymond Griffin and Mrs. A. C. Smith from here were lucky enough to win prizes.

The Lea Dickerson and Lavoie Dickerson families along with Omar Reeves attended the Reeves Reunion at Cisco over the weekend. Omar Reeves fell while there and broke his leg. He will have surgery this morning in Hendrick Memorial Hospital in

Abilene. The best of luck, Mr. Reeves.

Last Friday morning, two representatives from the Regional Post Office in Abilene came out and presented our postmaster, Ruth Brown, with the "Good Housekeeping Award" given for one of the three "Outstanding" post offices in this area during the past clean up campaign. Colorado City and Merkel were the other two offices that got the same award. Ruth invites everyone to come by and see what she has done and be sure to ask to see the Award.

Mr. and Mrs. Woodrow Lawlis received a telephone call from their daughter, Mrs. Mike Dobbs that they were in Loraine at her parents attending the Loraine City wide Crusade and asked them to drive over. They went and really enjoyed the meeting and being with the Dobbs family after church.

We visited with Aunt Mary Jones one day last week in Merkel and she is doing pretty good and sends her love to all.

Allen Stephenson has received his Naval discharge and is spending some time in Roby as well as here with his parents, Mr. and Mrs. Raymond Griffin.
